HOPE CHAMPIONS

A Day School — Nebraska Department of Education Approved

"Championing Every Child's Potential"

Hope Champions is a Nebraska-approved day school providing intensive, individualized support for students with complex emotional, behavioral, and academic needs. We exist to serve the students who challenge us most — and to send them back to your district stronger, steadier, and ready to learn.

What We Provide

Day School Placement — Intensive, structured environment for students with behavioral and emotional needs

Transition Planning Back to District — Intentional, collaborative reintegration planning from day one

NDE-Approved Placement — Fully state-approved with a transparent daily rate of **$387/day** — no hidden fees, no surprises

IEP-Aligned Academic Programming — Individualized instruction coordinated with your district's IEP goals and objectives

Regular District Communication — Ongoing progress updates, staffing collaboration, and transparent reporting

Why Districts Refer Students to Hope Champions

- ✓ **No Applications. No Interviews. Just Honest Conversations.** — We don't ask districts or families to jump through hoops. We simply ask: *What does this child need?* Then we get to work.
- ✓ **Transparent, NDE-Approved Pricing** — Our daily rate of $387 is set by the Nebraska Department of Education — predictable, defensible, and competitive with other alternative education programs.
- ✓ **A True District Partner** — We collaborate with your special education directors, general ed teams, and families — not around them. You remain central to every placement decision.
- ✓ **Students Return Ready** — Our students leave Hope Champions more regulated, more resilient, and more capable of succeeding in their home district. Transition is always the goal.
- ✓ **Proven with Complex Needs** — We serve students with trauma histories, complex IEPs, and behavioral challenges — the students other placements turn away.

Ready to Talk About a Student?

Every referral starts with a conversation — not paperwork. Reach out to our team and tell us about the child. We'll take it from there.
